nor even being aware that he was passing, but I know that he saw him. It struck me odd at the time that Officer Vaughn did not say something to this man. Approximately two minutes after this man had walked down the ramp I saw quite a bit of movement in the basement outside the jail office and then I heard a shot. From the time that I first spoke to Officer Vaughn until I heard the shot, which was approximately a period of twentyfive minutes, at no time did I see anyone leave or enter the basement of the city hall from the ramp entrance on Main Street except one squad car which contained three officers and this one unknown white man who entered. On Monday, November 25, 1963, at approximately 9:00 A.M., Officer Vaughn called me on the telephone at home and asked me if I had noticed anyone going into the basement while Lieutenant Pierce was coming out, I told him "no" I did not. He told me he was othered about the possibility that someone could have gone in there while Lieutenant Pierce and the other two officers were coming out in the squad car. I told him "no, I did not." But I did not mention the other fellow I saw go in because I was sure he had seen him.

I was stending on the Western Union side of the remp end I spoke to Officer Vaughn, he was on duty at that Location. Officer Vaughn was standing in the center of the remp geeping people from entering the besement of the city hall. I had been standing there severel minutes when e squed cer drove up the ramp with three officers inside, they drove on to Main Street end turned west on Main. At this time Officer Veughn stepped out into the middle of Main Street end stopped the west bound traffic on Main so this squad cer could make its turn on Main Street. For a brief moment while Officer Veughn wes blocking traffic, the ramp entrence et this location wes left unguerded. . I was stending at the east corner of the ramp and turned to wetch Officer Vaughn stop the traffic. From the position where I was stending it was impossible for anyone to walk behind me and gain entrence into the basement. I did not notice anyone welk in front of me and go into the besement. At this time I was thinking to myself that if I saw anyone go in I would so advise Officer Vaughn. After stopping treffic for this squed cer Officer Veughn took up his duties in the middle of the ramp. Several minutes leter I stepped out towards the street so that I could have a better view down the As I did so I noticed e white mele, approximetely 50 years of ege, 5'10", weighing ebout 155-160#, weering e derk(blue or brown) single breested suit, white shirt, and dark colored tie, this men wes not wearing e hat, he had light colored hir thinning on top, round face, kind of smell head, feir complexion, he was not weering en overcost nor wes he cerrying one but he did have his right hand inside of his right suit cost pocket, epproaching the remp from the direction of the Western Union.
